

HEAVY DUTY BATTERY BOX FOR GROUP 24-31 BATTERY SIZES

RENOGY **HEAVY DUTY BATTERY BOX FOR GROUP 24-31 BATTERY SIZES**

The Renogy Heavy Duty Battery Box is the perfect battery storage solution—preventing accidental spills, limiting battery movement, as well as protecting the batteries from dust, dirt, water, and other external elements that could short a battery. With the adjustable divider, the battery box is capable of accommodating most Group 24-31 batteries. This heavy-duty box uses high impact-resistant polypropylene for reliable protection while tackling rugged environments. On the top of the battery box are vent holes to allow for adequate ventilation of hydrogen gas. Thanks to the included tie-down strap and brackets, the battery box can be easily installed in a car, boat, camper, motorhome, trailer, or caravan.

KEY FEATURES

- **Wide Applicability**
Fits most Group 24-31 batteries with an adjustable divider to secure the battery in place and limit battery movement.
- **Designed Tough**
Made of high impact-resistant polypropylene to withstand harsh environments and mitigate potential damage.
- **Fully Ventilated**
The secure cover incorporates multiple vent holes to ensure full-flow ventilation of hydrogen gas.
- **Easy Installation**
Install the battery box in a car, boat, camper, motorhome, trailer, or caravan with the included tie-down strap and mounting brackets.
